

SCIENCEDIPITY

CHILD PROTECTION POLICY

25/4/19

Introduction

We at Sciencedipity are committed to a practice, which protects children from harm. Staff and volunteers in this organisation accept and recognise our responsibilities to develop awareness of issues, which cause children and young people harm. We will endeavour to safeguard children and young people by:

- Adopting child protection guidelines through a code of behaviour for staff and volunteers.
- Sharing information about child protection and good practice with children, parents, staff and volunteers.
- Sharing information about concerns with agencies who need to know, and involving parents and children appropriately.
- Following carefully the procedures for recruitment and selection of volunteers
- Providing effective management for volunteers through supervision, support and training

We are also committed to reviewing our policy and good practice on an annual basis.

1. Statement of Intent

It is the policy of Sciencedipity to safeguard the welfare of all children and young people by protecting them from all forms of abuse including physical, emotional and sexual harm. This organisation is committed to creating a safe environment in which young people can feel comfortable and secure while engaged in any of our workshops and activities. Personnel should at all times show respect and understanding for individual's rights, safety and welfare, and conduct themselves in a way that reflects the ethos and principles of Sciencedipity.

2. Guidelines for all Sciencedipity staff & volunteers

a) ATTITUDES

Staff and volunteers are committed to

- Treating children and young people with respect and dignity.
- Always listening to what a child or young person is saying
- Valuing each child and young person
- Recognising the unique contribution each individual can make
- Encouraging and praising each child or young person

b) BY EXAMPLE

Staff and volunteers will endeavour to

- Provide an example, which we would wish others to follow
- Use appropriate language with children and young people and challenge any inappropriate language used by a young person or child or an adult working with young people.
- Respect a young person's right to privacy

c) ONE TO ONE CONTACT

Staff and volunteers will

- Not spend excessive amounts of time alone with children, away from others. Staff should try to always be visible to others in their contact with children.
- In the unlikely event of having to meet with an individual child or young person make every effort to keep this meeting as open as possible.
- If privacy is needed, ensure that other staff are informed of the meeting and its whereabouts

d) PHYSICAL CONTACT

Staff and volunteers should never

- Engage in sexually provocative or rough physical games, including horseplay
- Do things of a personal nature for a child or a young person that they can do for themselves. If such an incident arises, for example, where a child or young person has limited mobility, staff should speak to Ruth MacLaren (Director) to deal with such an incident
- Allow, or engage in, inappropriate touching of any kind

e) GENERAL

Staff and volunteers should:

- Be aware that someone might misinterpret our actions no matter how well intentioned
- Never draw any conclusions about others without checking the facts
- Never allow ourselves to be drawn into inappropriate attention seeking situations such as tantrums or crushes
- Never exaggerate or trivialise child abuse issues or make suggestive remarks or gestures about, or to a child or young person, even in fun

f) RELATIONSHIPS

Staff and volunteers who are involved in relationships with other members of staff or volunteers should ensure that their personal relationships do not affect their role within Sciencedipity or the work of Sciencedipity

g) SHARING INFORMATION

Good communication is essential in any organisation. In Sciencedipity every effort will be made to assure that, should individuals have concerns, they will be listened to and taken seriously. It is the responsibility of Ruth MacLaren (Director) to ensure that information is available to, and exchanged between all those involved in this organisation and its activities. Some information is confidential and should only be shared on a strictly need-to-know basis.

Children & Young People

Children and young people have a right to information, especially any information that could make life better and safer for them. Sciencedipity will act to ensure they have information about how, and with whom, they can share their concerns, complaints and anxieties.

When sharing information, Sciencedipity personnel will be sensitive to the level of understanding and maturity, as well as to the level of responsibility, of the people with whom they are sharing.

Parents

Parents / persons with parental responsibility are ultimately responsible for their children's welfare at all times, and they should be assured that their children are involved with a credible organisation.

We achieve this by publicising information, including this Child Protection Policy on our website, www.sciencedipity.co.uk

Staff & Volunteers

As an organisation, which offers support and guidance to children and young people, it is imperative that each member of Sciencedipity is aware of their responsibilities under the Child Protection legislation and has a working knowledge of Sciencedipity's procedures

Other Bodies

A copy of our Child Protection Policy will be made available to any other appropriate body.
